October 22, 2020

Dear Wonderful Nazareth Families,

Thank you for your patience, love, compassion, respect, justice and hospitality, during this very difficult time. As Fall continues, we know that the flu and cold season is upon us all in San Diego and we ask that you continue to help keep our community safe by following the health guidance of keeping all of your children home if one child is affected by one of the COVID-19 symptoms of fever, cough, shortness of breath, nasal congestion, sore throat, nausea, vomiting, diarrhea, fatigue, new loss of taste or smell, headache, muscle or body aches, poor feeding, poor appetite, or knowledge of close contact with a person who is lab confirmed to have COVID-19 and please keep your child home if they have the flu or a cold with a fever.

As a community, we need to partner together, in order to give all of our Nazareth students the best and safest education possible. It is important for families who have chosen in-person learning to have their child(ren) present in class daily. Those families who have chosen to be on-campus learners may not toggle between in class and distance learning, unless your child(ren) are sick. If there symptoms are mild, then we welcome them to join class via the distance learning platform, otherwise please let God grant them His healing grace and have them be absent. Please call the office and let us know your child is ill and will not be on campus, and we will gather their books, so they may participate fully with all of their needed resources. Please help your child practice those routines and habits of getting to bed on time and waking up for their “job”-school for the day!

Please understand that routine and practice of good habits are of the utmost importance for children during these pandemic times. For those families that choose to enjoy a family vacation during our regular school days, distance learning is not an appropriate option unless your child(ren) have all of their school books, materials, good internet connectivity, and a quiet space to learn and work. I appreciate your partnership in helping your child succeed in their education. Please inform us of this if you are on vacation and choose to have your child learn distantly so that your child’s teacher is prepared. Please try and limit vacations to non-school days.

Thank you to the parents who have already turned in the Nazareth School Technology Use Policy and Digital Citizenship Pledge for each one of your children. The goal of our new Nazareth School Technology Use Policy and Digital Citizenship Pledge is to keep our students safe from the pitfalls that accompany the use of technology including potential bullying and improper conduct. We have provided the Nazareth School Technology Use Policy and Digital Citizenship Pledge in the Nazareth Newsletter and it may also be found on our school website. Thank you for ensuring our Nazareth core values of love, hospitality, respect, compassion, patience and justice may be found in all aspects of our lives, including technology. We ask that

you monitor your child's use on the internet and any social media you allow for him/her. This is essential for their safety.

We are very excited for Red Ribbon Week, our Pumpkin Carving Contest, Halloween Costume Contest and Halloween Trunk or Treat, on Friday October 30th. **Please see the attached flyers for details and send in your pictures of your Pumpkin, and Halloween Costumes, all are welcome!** Please arrive for the Halloween Trunk or Treat during your designated time slot, see Nazareth News for the time listing by last name.

I wanted to extend my great appreciation to the Mrs. Rose's 5th Grade for leading the school in the Rosary on Wednesday, and their excellent job participating in prayer service today. Next week, we will not have Mass, due to the festivities of the Halloween Costume Contest on Friday, October 30th.

Please read the entire Nazareth News for all of the fun upcoming events! Especially the PTG Family Fun Zoom Night on Tuesday, November 10th, it will be a great time to relax with our Nazareth Community.

God watch over our students,
God watch over our parents,
God watch over our teachers and staff!

God Bless,

Mrs. René Coons
Principal

TECHNOLOGY ACCEPTABLE USE POLICY

The following regulations and procedures provide Nazareth School students and their parents with information regarding the privileges and responsibilities for the use of various forms of technology and access of the Internet on and off campus.

The use of technology at Nazareth School has been established for educational purposes including classroom activities and educational research. Use of technology has not been established as a public access forum for students, interpersonal communication by students, or for commercial use. Our goal is to proactively educate both parents and students about our standards of behavior in the use of technology and the Internet. Enlisting the support of students and parents, we hope to make the use of technology both rewarding and safe.

The Technology Acceptable Use Policy includes all forms of technology, including, but not limited to, computers, iPads, laptops, cameras, email, smart phones and chat. The technology equipment, services, and data stored on devices are the property of Nazareth School. While it is impossible to control all material on a public network, Nazareth School has taken reasonable precautions to restrict access to materials it considers harmful and to materials that do not support educational objectives.

Teachers and staff will instruct students in appropriate ways to access Internet resources. Teachers, in consultation with the administration, may occasionally allow students to make non-routine use of some Internet tools which are ordinarily restricted by this policy when such use would be in keeping with the school's curricular goals and objectives, and is under the direct supervision of the teacher.

Student email and Google Apps in Education Applications: Nazareth School will provide students in Grades K-8 with various education online accounts so that we may utilize an educational suite of applications to enhance teaching and learning. Google Apps is a concept known as "cloud computing" where services and storage are provided over the Internet. School expectations regarding the use of student email and Google Apps include:

- Students will not share passwords or use anyone else's passwords
- Students will not impersonate another's identity
- Students will be ethical and respect the privacy of others
- Students will not harm or destroy data of another student or user
- Students understand that Nazareth School has the right to look at any data, email logs, or files that exist on the network without prior consent of the student

The use of Nazareth School technology is a revocable privilege for all users. Nazareth School equipment (laptops, iPads, desktops and portable storage devices), and all user accounts are the property of Nazareth School. Privacy rights do not apply to the use of the computer system or accounts, and the school reserves the right to monitor and access information maintained in the system and in users' accounts for the purpose of determining if a violation of this agreement has occurred. Prohibited uses include: Access, or attempts to access, download, or transmit any "harmful matter" in violation of any federal law, state law, or school policy. This includes but is not limited to:

- Any information that violates or infringes upon the rights of any other person
- Any hate-motivated, fraudulent, defamatory, abusive, obscene, profane, sexually oriented, threatening, racially offensive, or illegal language or material
- Any information or communication that encourages the illegal use of controlled substances, or promotes criminal behavior
- Any material that violates copyright laws (plagiarism)
- Vandalism, unauthorized access, "hacking" or tampering with hardware or software. This includes the introduction of "viruses," "worms," non-licensed or pirated software, or any software or hardware for the purpose of disrupting or damaging the school's computer systems

Students must keep cellular phones turned off and in their backpacks while on campus. **Apple Watches or similar "Smart" watches may not be worn during school hours.** At no time may students attempt to access the Internet during the school day from their cellular devices. The school cannot control the manner in which students use technology off campus. However, there may be times when misuse of technology off campus may severely/adversely affect what happens in school. The school, in such situations, may find it necessary to inform families of those students involved in such use, and take additional actions in order to ensure the safety and well-being of members of the Nazareth School community. We hope to avoid such incidents through the support and cooperation of home and school. Parents are strongly encouraged to monitor and guide student use of on-line communication through email, Facebook, and other social media.

Students and parents should report threats of violence or harm in cyberspace to the school administration immediately.

The administration will ultimately decide what constitutes appropriate use, and its decision is final. The administration will apply consequences as described in the Student and/or Parent Handbooks at any time deemed necessary. This includes but is not limited to discipline conferences, suspension, expulsion, and possible financial restitution.
