

# Nazareth School

February 15, 2019

Dear Parents,

These rainy days are creating a bit of a challenge for those of us accustomed to “San Diego weather.” Our students and staff, however, are adapting well. The Staff and I are commending the students for their patience with their inability to play on the fields or the courts during the wet weather. Our athletic teams have been most affected by the rain and Mr. Browder and the coaches are trying to keep our families aware of the scheduling, cancelling and re-scheduling of events. Most of our other activities, however, are continuing to keep our campus busy.

At yesterday’s morning assembly, we celebrated our first Prize Assembly for the Nazareth Cup Golf Tournament fundraiser. The Prize Assembly began with recognizing Carli Martinez, 6<sup>th</sup> grade, for her winning design for the 2019 Nazareth Cup pin; it’s a delightful image that you might want to check out on the PTG bulletin board. Also during the assembly, students were recognized for their efforts in selling golf balls for our annual Golf Ball Drop. Be sure to check out the website, [nazarethgolf.accelraising.com/event](http://nazarethgolf.accelraising.com/event).

Valentine’s Day activities brought some good cheer to the dreary looking day yesterday. Our 7<sup>th</sup> and 8<sup>th</sup> graders enjoyed a dance in the auditorium and students in other classes enjoyed an afternoon of games, crafts and sweet treats. Thank you to our parents and teachers who made this a day of love and fun for all!

The much anticipated performance of *Mary Poppins, Jr.* will delight Nazareth audiences next Thursday and Friday, Feb. 21 and 22. Our Nazareth Thespians have captured the joy and energy of this special musical. This year, Mary and Bert and their friends will get a little extra support in their presentation as the PTG has purchased an additional 10 microphones for the performers. Mr. Maffini and his stage crew have wired these mics so that they will also be available to students in future school productions, such as prayer services or the Talent Show. Once again, the generosity of our parents makes it possible to enhance the many special activities of our school and students.

As we prepare for the holiday weekend, and with all appreciation for our earth’s need for rain, I’d like to close with a little bit of literary license with the children’s rhyme:

Rain, rain, go away,  
Come again another day,  
Little (and big) Nazareth Children want to play  
Rain, rain go away!

May you enjoy a safe and hopefully somewhat dry 3-day holiday.

Blessings,

Dr. Colleen Mauricio  
Principal
